DAYAPRIME

## PENTOLITE BOOSTER

High initiating energy optimal  
blasting efficiency

DAYAPRIME Pentolite Booster memberikan energi inisiasi yang tinggi untuk berbagai aplikasi peledakan pada operasi pertambangan dan penggalian sebagai basis peledak sensitif yang aman dan dapat diandalkan.

DAYAPRIME booster diproduksi dengan teknologi yang canggih. Formulasi booster dirancang khusus untuk menghasilkan tingkat energi yang tinggi dengan peledakan yang optimal, dan secara konsisten lebih unggul dari booster komersial lainnya.

DAYAPRIME mudah digunakan. Cap booster dirancang sedemikian rupa sehingga detonator non elektrik atau elektrik dapat disisipkan ke dalamnya jika pada posisi dan orientasi yang benar. Booster dirancang untuk diprakarsai secara khusus oleh sistem inisiasi non-elektrik atau elektrik yang berkualitas.

*DAYAPRIME® Pentolite Booster provides high initiating energy for a wide range of explosive applications in mining and quarry operations being both safe and reliable primers of booster-sensitive explosive columns.*

*DAYAPRIME® is a cast booster manufactured using state-of-the-art technology. Specially designed booster formulations generate high levels of energy with optimal blasting efficacy, consistently out performing all other types of commercial boosters.*

*DAYAPRIME® is easy to use. The cap well of booster is designed so that -the non-electric or electric detonator can be inserted into it only in the correct position and orientation. The boosters is designed to be specifically initiated by quality non-electric or electric initiating systems.*

## SPECIFICATIONS

|                        |                    |
|------------------------|--------------------|
| Density                | 1.60 -x 1.65 gr/ml |
| Velocity of Detonation | minimum 7500 m/s   |
| Water Resistance       | Excellent          |

## PACKAGING

| Product         | Booster Weight | Booster Colour | Quantity per Case | Net Weight per Case |
|-----------------|----------------|----------------|-------------------|---------------------|
| Dayaprime - 400 | 400 g          | Light Green    | 40 nos            | 16 kg               |
| Dayaprime - 200 | 200 g          | Light Orange   | 80 nos            | 16 kg               |
